“CORPTAX e-File Services provided me with some of the best customer service that I have ever experienced. Their professionalism was evident from the beginning. They were timely with meeting appointments, addressing my questions and concerns and resolving the few issues that we did have.

I felt like they were invested in the process and that they felt like they “owned” the return as much as I did. They consistently followed up on our interactions and never left me feeling as if I was on my own.

As busy as it gets around this time of year, I greatly appreciated that thoroughness.”
